Name: [illegible]
Designation: Managing Director

[illegible]

[illegible]

2.2. These Guides can be assigned for NBEMS Fellows only from the eligible and approved faculty for the programme as detailed above.

- *Ex. Consultants* working on full time basis with the accredited hospital can be guides-in-guide of *NBEMS trainees* in respective department.
- All Senior Consultants (as indicated above) in the accredited department are eligible as PG teachers as per NBEMS criteria and can be ***Guide*** for ***maximum of two NBEMS trainees*** in an academic year and can be ***Co-Guide*** to other NBEMS trainees in the department.
- Senior Faculty can only co-guide a NBEMS trainee in the applicant department. Senior and Junior Faculty can only be co-guides to NBEMS trainees of other departments. Junior Faculty, Senior Residents and Adjunct/Part time/Visiting Consultants can not be assigned as Guide guides.

2.3 Change in Faculty Status:

2.3. The accredited department is required to maintain the minimum required staff position at all times. No change in the faculty be made within the period of accreditation. However, under extreme circumstances if the Faculty/Guide present at the time of assessment is to be replaced, the same be carried out within 3 months under intimation to the NBEMS. In case of any change in faculty during the accredited period, it shall be required to induct only eligible faculty as a replacement of faculty who has left or attending a new faculty altogether. The hospital may refer to the latest information Bulletin for Accreditation with NBEMS for criteria as prescribed for being an eligible faculty for DNB/DNB/FNB programme.

2.4. Newly introduced faculty in the accredited department shall be required to submit his/her biodata in the prescribed format with supportive documents such as Additional Qualification Registration Certificate (AQRC), Form 16/16A, 26AS for respective assessment year, letter of appointment from the accredited hospital and relieving letter from last employer, if any.

2.5. Full time status of Faculty:

- For Government/Secret Hospitals: The faculty should be working full time in the hospital in accordance with the criteria/rules applicable to the concerned State/certified by the concerned State Government.
- For Private/other Hospitals: The applicant hospital shall be the principal place of practice of the faculty in the department and working full time (8-8 hours per day) at the Applicant Hospital/Institution. However, the faculty are allowed to have their own private practice in a non-academic independent setup.

2.6. <u>Part time and visiting Faculty shall not be considered as a faculty for the NBEMS Accredited programme and shall not be counted for the purpose of accreditation of the applicant department.</u>

2.7. Proposed faculty shall be added as DNB/DNB/FNB faculty on receipt of above mentioned documents and its acceptance by NBEMS. T.O. seek time explicit approval for acceptance of Faculty as

faculty for DNB/DrNB/FNB programme is received from NBEMS, the faculty shall be considered "under consideration" and by-the should not be assigned as thesis guide/supervisor of trainees.

2.8. NBEMS reserves to whatever rights to verify the full-time status of faculty and their qualifications in the applicant hospital through surprise assessment or on basis of such documentary evidence for the validation of replacement of faculty.

2.9. The faculty status in the department shall be reviewed at the time of Review of Accreditation conducted by NBEMS. The hospital shall be required to confirm availability of minimum required faculty for continuation of accreditation during the provisionally accredited period. Details of newly introduced faculty in the department can be updated through Online Accreditation Application Portal (OAAP) / email to NBEMS. Approved faculty status in the department shall be reflected on Online Accreditation Application Portal. It shall be the foremost responsibility of the accredited department to refer to the same for any corrections/updates/changes.

3. DNB/DrNB/FNB Training

A. Selection of Candidates

3.1. The selection of candidates for NBEMS courses shall be through merit based counseling. Details of conduct of counseling, eligibility, schedule, seat matrix, venue, fee, procedure etc are notified time to time on NBEMS website.

3.2. **There is no other admission authority except that prescribed by NBEMS.** It is absolutely binding on accredited hospitals to comply with the selection procedure for candidates as prescribed by NBEMS for its courses.

B. Joining of Candidates

3.3. Joining of a candidate to NBEMS accredited hospital through Centralized Merit Based Counselling is subject to medical fitness of the candidate as recommendational by the accredited hospital. The medical examination of the candidate shall be done by the Medical Board of the concerned NBEMS accredited hospital. Candidate found fit in the medical examination shall only be allowed to join DNB/DrNB/FNB course. NBEMS reserves its rights to take a final decision in the matter of the candidate being found unfit in medical examination and may undertake medical examination of candidate at its sole discretion.

3.4. Candidates joining the NBEMS course will be referred hereinafter as trainees.

C. Academic Programme

3.5. Residency Guidelines: The hospital will ensure that all the necessary training facilities and infrastructure is provided for implementation of DNB/DrNB/FNB curriculum in the specialty.

[illegible]

[illegible]

DNB – Anaesthesiology
Medipulse Hospital , Ex. Mla. Road Ch Pura , Jodhpur, Rajasthan

3.6. The DNB/DNB(FNB) training is a residency based training cum employment programme wherein the DNB/DNB(FNB) trainees discharge the duties of a Junior/Senior Resident and undergo a rigorous academic programme to enhance their knowledge and skills.

3.7. For performance of clinical/hospital duties, the trainees are required to discharge duties as may be prescribed by the hospital administration. NBEMS shall not exclusively interfere in any dispute which is a work place dispute or an issue involving the accredited hospital and the DNB/DNB(FNB) trainee(s). However, in rare or exceptional cases NBEMS may consider the issue for necessary advice or adjudication.

3.8. NBEMS reserves its rights to critically review the work allocation to the NBEMS trainees especially in reference to the implementation of academic programme and professional responsibilities. Record of duty roster of NBEMS trainees should be maintained for verification by NBEMS if so required.

3.9. The leave of NBEMS trainees shall be strictly governed by the NBEMS leave guidelines as notified on NBEMS website from time to time.

3.10. Curriculum: DNB/DNB(FNB) curriculum may be downloaded from NBEMS website.

3.11. Academic programme for NBEMS trainees: Each accredited hospital shall publish a comprehensive academic programme for the specialties accredited. The design of the programme should be such that the entire course curriculum especially the protocol and clinical aspects are covered by way of seminar, symposia, general discussions, case base discussions, clinical examinations, OSCEs, bedside vivas, ward rounds, mock library examinations, mock tests, grand vivas, final examinations, CMEs, workshops, guest lectures, e-learning, quizzes, group discussions etc. The record of academic sessions is conducted by the hospital shall be maintained by the hospital for verification by NBEMS if so required.

3.12. Logbook: A log of academic activities indicating a daily record of academic work, thesis protocol, cases presented and procedures done under observation/independently, continental postings undertaken etc shall be maintained by the trainee signed and supervised by the designated guide of trainee and countersigned by Director/Medical Superintendent of the hospital. NBEMS reserves its right to verify the logbooks of NBEMS trainees at any time during their training for its completeness and authenticity of information entered.

3.13. NBEMS may prescribe the creation of an e-Portfolio of assessment of the trainee and it shall be the bounden duty of the accredited hospital to enable participation in such assessments.

3.14. Work Shop/Conf/CME: The accredited hospital shall relieve the candidate for

- *Attending the workshops organized by NBEMS*
- *National conferences or state conferences of National Professional bodies in the concerned specialties*
- *International conferences in the concerned specialties*

MEDIPULSE HOSPITAL
[illegible]

DOC-20251219-1003P-2024-46PK

This is an electronic generated document issued by National Board of Examinations in Medical Sciences (NBEMS) and valid in digital signature.

- *Any other CME or workshop as may be deemed appropriate*

3.15. It is not obligatory on part of hospital to relieve the trainee if the urgency of hospital duties so demands.

3.16. Such period of deployment to the above mentioned workshop / conferences shall be part of training and shall be governed by the applicable leave guidelines for NBEMS trainees.

3.17. Each Faculty who has been given as faculty for DNB/DNB/FNB programme will devote at least 10 hour per week for teaching/ training in form of case discussions, seminar, ward round, journal club etc. for NBEMS trainees. This is in addition to his/her assigned clinical & other hospital responsibilities.

3.18. The minimum teaching programme per week shall comprise of 3 hours of didactic teaching (lectures, Journal Clubs, Lectures etc.) and 3 hours of clinical bed side teaching. Each Faculty will have to attend NBEMS CME's or faculty development workshops as conducted by NBEMS time to time.

3.19. The accredited hospital shall maintain details of in full time faculty for DNB/DNB/FNB programme on its official website indicating their designations and time period of availability in the hospital.

3.20. Library Facilities: The minimum learning resources for the NBEMS trainee(s) in the hospital will be as follows:

- *Latest editions of Standard text books in the subject.*
- *Internet access in campus with institutional subscription to e-libraries and journals.*
- *Journals in the specialty accredited (at least two international and two national)*
- *The library should be accessible on all days except national holidays and for atleast 12 hours each day.*

3.21. Training in Basic Sciences: The applicant hospital is required to make provisions for training & teaching of NBEMS trainee in applied basic sciences relevant to the applicant specialty.

3.22. **General Beds:** The Hospital will earmark 30% of the beds in the specialty as 'General (Teaching) Beds'. General Beds are those 'earmarked' beds / cases whose patients shall be accessible at all times for supervised clinical work to NBEMS trainees. Data of patients admitted on such beds or such cases shall be accessible to NBEMS trainees for research purposes subject to applicable ethical guidelines and clearances from Institutional Ethics Committee & institutional policies. A certificate to this effect shall be furnished by the Head of Institute every year to NBEMS.

3.23. Hands on Training: The accredited hospital/ institution shall make use of a clinical skills lab/ surgical skills lab in the same city and arrange for such training as may be required for training of the

[illegible]

[illegible]

candidates. The hospital shall provide such access or procedures (observed and supervised), assisted procedures to the NBEMS trainees as may be required for enhancing their competence and skills.

3. Formative Assessment Test (FAT) Approval of DNB/DNB & FNB Trainees

3.24. The hospital shall ensure participation of NBEMS trainees in Formative Assessment Test organised by NBEMS or by the hospital itself as per guidelines notified time to time on NBEMS website www.nabemsedu.in

3. Final / Exit Examination

3.25. The hospital shall be responsible to complete the training of the NBEMS trainees as per the given curriculum which is updated from time to time.

3.26. The accredited hospital shall be required to issue provisional training completion certificates and final training completion certificates to NBEMS trainees for the purpose of appearing in DNB/DNB/FNB final examinations as per formats as prescribed for the purpose by NBEMS.

3.27. It shall be the obligatory responsibility of the accredited hospital to participate, organise and conduct various academic activities of NBEMS such as Formative Assessment Test, DNB/DNB Practical Examinations, CME/Work shops etc.

3.28. The accredited hospital shall allow its faculty to participate in various academic activities of NBEMS such as thesis/protocol assessment, appraisal of centres, question banking for various NBEMS examinations, assessment of departments for NBEMS accreditation, theory assessment and practical examinations.

3.29. In the event the hospital is found not participating in the academic activities of NBEMS and/or not allowing its faculty to do so, appropriate penal action as deemed fit shall be taken by NBEMS against the hospital.

4. Approved Infrastructure, Facilities and Patient Load

4. The Accredited Hospital

4.1. The accredited hospital is required to impart DNB/DNB/FNB training to its trainees only at the approved clinical establishment in a single campus infrastructure, facilities, faculty and patient load of which have been proposed for seeking accreditation and assessed by NBEMS for said purpose. However, trainees can be trained in recognized centres for rotations which has been duly approved by NBEMS at the time of grant of accreditation.

4.2. Any clubbing of infrastructure, facilities and faculty of non-accredited hospitals/units of the applicant hospital is not permitted for the purpose of imparting training to NBEMS trainees.

2020 - Laxmikantha
Medipulse Hospital, Cr. No. Dated 27 Parts, Andhra, Kakinada

4.3. It shall be the responsibility of the accredited hospital that mandatory regulatory/licensing approvals and all statutory requirements/clearances from the local authority/government for running such establishment are timely renewed and maintained valid.

4.4. In case of any change in infrastructure/shifting of hospital premises to a new location or change of management/ownership of the hospital, NHMS shall be updated in a timely manner and necessary approval shall be required to be sought for continuation of accreditation.

B. Minimum required beds in the accredited hospital:

4.5. The accredited hospital shall be required to maintain the minimum number of beds as mentioned by NHMS accreditation criteria for continuing NHMS accreditation.

4.6. The accredited hospital which is offering exclusively single specialty medical services and has been accredited on the basis of applicable criteria for single specialty set up shall need to update NHMS in case of transition from a single specialty to a multi specialty set up.

4.7. Failure to comply with the NHMS accreditation criteria and/or to timely update NHMS of crucial changes in relation to approved infrastructure for DNB/DM/MCH programme would entail withdrawal of accreditation.

C. Minimum required beds in the accredited department:

4.8. The accredited department shall have to maintain the minimum number of operational beds in accredited department as per prescribed NHMS criteria. With introduction of newer DNB/DM/MCH programme in the same hospital, the approved bed strength of existing DNB/DM/MCH programme shall not suffer.

4.9. General Beds: The accredited department shall ensure to maintain at least 50% beds where patients shall be accessible at all times for supervised clinical work to NHMS trainees. Time of patients admitted on such beds at such times shall be accessible to NHMS trainees for research purposes subject to applicable ethical guidelines and clearances from Institutional Ethics Committee & institutional policies.

D. Patient Load:

4.10. The accredited department shall maintain the minimum required patient load in OPD registrations and/or IPD admissions as per applicable NHMS criteria.

4.11. In surgical disciplines, the surgical case load and spectrum of diagnosis in the accredited department shall be required to be maintained to not lower prescribed standards for continuing DNB/DM/MCH accreditation.

4.12. Fall in patient load in the accredited department due to any unforeseen reasons shall invite immediate information to NHMS with details of provisions made for certain minimum required "hands

proposal along with processing of accreditation application and consider grant of accreditation, including the proposed ownership, on fulfilment of minimum requirements.

5.3. Inclusion of the NBEMS trainees in hospitals/institutions that are not accredited with NBEMS or NMC or Government of India is not permitted.

5.4. **The rotation shall be a block-wise rotation and not mixed rotations.**

5.5. The parent hospital have to monitor the training of its candidates. The Senior grade of the candidate shall continue to provide teaching and mentoring support during this period to the trainee.

5.6. The stipend of the candidate during this period of training outside the hospital in another accredited hospital shall be borne by the parent hospital itself.

5.7. Both the partnering hospitals shall mutually agree on the nature of responsibilities of the respective hospital. A Memorandum of Understanding shall be signed between both the partnering hospitals as per prescribed Annexure - MoU (EP) available at https://nbe.edu.in/ under the Link Downloads.

B. Training Charges & Fee Guidelines

5.8. The training charges and the guidelines shall be as per policy notice uploaded - updated by the NBEMS on its website from time to time. The Annual course fee prescribed by NBEMS for DNB/DM/MCH/FNB courses and payable by the NBEMS trainees is as follows:

Head	Charges (in INR) per year
Notice fee	[illegible]
Library fee	[illegible]
Annual Appraisal fee	[illegible]
Accommodation Charges	[illegible]
Total	**[illegible]**

*Stipend/ gratuity charges shall be borne by the NBEMS trainee.

5.9. The accredited hospital cannot charge any other fees like registration fee, security deposit, security bond, and caution bond in the form of cash, fixed deposit, bank guarantee, and agreement by any instrument whatsoever. However, Government Hospitals applying under NBEMS courses can implement a service bond. It is mandatory for the respective State Governments/hospitals to inform to the concerned Counseling Conduct Authority regarding the implementation of service bond, if any, prior to start of counselling for admission to DNB/DM/MCH/FNB seats each year. The service bond cannot be implemented after the start of counselling for a particular admission session.

6.7. Queries related to registration of candidates and counselling related matters are to be sent at reg@nbems.edu.in and counselling@nbems.edu.in respectively.

7. Effect of Agreement:

7.1. Certificate of Adherence

7.1. The terms & conditions for accreditation agreement with NBEMS are detailed in this document. The accredited hospital/institution is required to submit a Certificate of Adherence (Refer Annexure – I) to these terms & conditions.

7.2. A copy of this agreement duly signed and accepted on each page shall be returned to NBEMS along with duly completed Certificate of Adherence within 7 days from the receipt/upload of this agreement, failing which the accredited entity in the department may not be included in the Centralized Counselling.

7.3. NBEMS reserves to authority rights to alter/modify/delete/amend any or all of the terms & conditions as given in this agreement or any of the terms governing the DNB/DM/MCh Training programme including the schedule of entry with examinations or any other fees at any point of time.

7.4. The existing schedule, pattern, policy and guidelines for accreditation are for ready reference only but are not to be treated for the DoJ that the NBEMS is bound to follow the same in future.

Designation: [illegible]

MEDIPULSE HOSPITAL
[illegible] PVT. LTD.

[illegible]

(Pvt) Limited/Pvt Ltd
Medipulse Hospital, Sri. Nilu Kant Ghosh, Jaipur, Rajasthan

7.6. In case of any ambiguity in interpretation of any of the instructions/terms / rules / criteria regarding the determination of eligibility / grant of accreditation/ any of the information contained in the information bulletin/accreditation agreement, the interpretation of NBEMS shall be final and binding on all parties.

B. Review of Accreditation

7.6. The grant of accreditation by NBEMS to a department for a DNB/DM/MCH programme is purely provisional and is governed by the terms and conditions as stated in the accreditation agreement and compliance to the same as verified in Review of Accreditation of the department.

7.7. NBEMS shall undertake a Review of Accreditation of the accredited department in the 3rd year of the accreditation cycle, to ensure that the hospital is complying with the terms & conditions of the Accreditation Agreement and is fulfilling the minimum NBEMS accreditation criteria. Further details regarding Review of Accreditation shall be informed to hospital through NBEMS website and emails.

7.8. The accredited DNB/DM/MCH seats of a department may be excluded from the counseling seat matrix if the hospital fails to successfully complete the application for Review of Accreditation of the concerned department.

7.9. *Submission of additional information/Compliance other than Review of Accreditation*: In addition to Review of Accreditation, any information related to accreditation shall be furnished by the accredited hospital whenever sought by the NBEMS or if there are changes in the faculty or infrastructure of the accredited hospital/premises to the grant of accreditation.

C. Applying for Renewal of Accreditation

7.10. The hospital is required to apply for further renewal of accreditation along with prescribed accreditation fee in the year of expiry of provisional accreditation as per calendar of accreditation applicable then. For instance, if the NBEMS accreditation to a hospital for DNB/DM/MCH programme is valid upto December 2025, then the hospital is required to apply for renewal of accreditation in January/February 2025 accreditation applications session i.e. around 9-11 months prior to expiry of the ongoing accreditation. Similarly, the accreditation validity expiring in June 2025 shall be required to apply for renewal of accreditation in July/August 2024 session.

7.11. In case the renewal application is not submitted in the time frame stipulated, the application for renewal of accreditation will be treated as an application for seeking fresh accreditation.

7.12. The Online Accreditation Application Portal will indicate the year in which the renewal application for a particular department needs to be submitted to NBEMS.

D. Withdrawal of Accreditation

7.13. The accreditation granted to the department is purely provisional and is at the discretion of the NBEMS. It may be withdrawn, if at any time, it is found that, the hospital is not complying with the

accreditation criteria, not maintaining minimum required faculty, training facilities & infrastructure etc., as per the minimum accreditation criteria prescribed by NHCMS, or if the hospital is found not complying with any of the guidelines issued by NHCMS from time to time or the hospital has violated any of the terms and conditions as contained in this agreement.

7.14. If any stage 4 cases in the notice of NHCMS (or the accredited department has resorted to submission of false information or fabricated records for the purpose of seeking accreditation, this may lead to withdrawal of accreditation and debarment from seeking accreditation in future as well.

7.15. In an unlikely event of an ineligible department being granted accreditation, NHCMS reserves the absolute right to revoke the accreditation so granted to the department.

7.16. NHCMS reserves the absolute right to take appropriate action including but not limited to withdrawal of provisional accreditation and debarment from seeking accreditation in future for a period of upto 3 years from the date of revocation and impose penalty as deemed fit by NHCMS against any institute for not adhering to guidelines / policies / directions under the terms of the issued provisional accreditation agreement or providing incorrect/false information in the Review of Accreditation or withdrawal of rates from the site within the counseling process is started.

7. Jurisdiction

7.18. The jurisdiction for any dispute shall be at Delhi /New Delhi only.

8. Grievance Redressal Committee (Accredited Hospital):

8.1. To address work-place based issues between the NHCMS trainees and NHCMS accredited hospitals, a Grievance Redressal Committee to be constituted/ formed and at each of the accredited hospital.

8.2. The accredited hospitals shall be required to constitute this committee as per composition tabulated below and strictly notify the provisions made for addressing grievances of the NHCMS trainees.
